

## **TUNE, Tuscany University Network**

TUNE - the Tuscany University Network – was formed to promote the teaching and research activities of Tuscan Universities abroad.

The aim of the network is to offer a greater range of orientation activities and attract more foreign students to the various academic courses available in Tuscany (undergraduate, master's and doctoral degrees and post-doctoral courses).

TUNE connects the Universities of Florence, Pisa, Siena, the University for Foreigners in Siena, the Scuola Superiore Sant'Anna in Pisa and the Scuola Normale Superiore in Pisa.
