

# REGULATIONS FOR THE DETERMINATION AND PAYMENT METHODS OF TUITION FEES AND CONTRIBUTIONS FOR ENROLLMENT IN COURSES AT THE UNIVERSITY OF SIENA – ACADEMIC YEAR 2025/2026

## CHAPTER I: GENERAL PROVISIONS ON STUDENT CONTRIBUTION REQUIREMENTS

### Article 1 – Subject

1. This regulation governs the criteria for determining the tuition fees and contributions due from students enrolling in courses at the University of Siena, as well as the methods of payment. For all matters not covered by this regulation, reference shall be made to the specific provisions governing individual courses, with particular regard to university master's programs, summer schools, advanced and continuing education courses, and teacher training programs or the related calls for applications.

### Article 2 – Tuition Fees and Contributions: General Principles

1. The amount of contributions due from students enrolling in bachelor's degree programs, single-cycle master's degree programs, or master's degree programs is calculated—based on the criteria defined in Chapter II—with reference to:

- the type of course selected;
- the student's financial situation;
- academic merit.

2. The amount due is to be paid in four installments, according to the procedures and deadlines indicated annually in the Course Catalogue (*Manifesto degli Studi*) or in the enrollment calls for the courses.

3. Regular enrollment in the courses of the University of Siena is subject to the payment of the required amounts; payment of the first installment completes the enrollment or registration process.

4. The first installment of university tuition fees must also include:  
a. the regional tax for the Right to University Education (*DSU*), as required by current regulations;  
b. the virtual stamp duty, in the amount established by applicable law.

5. The virtual stamp duty is non-refundable under any circumstances, while any refund of the *DSU* regional tax must be requested directly from the Regional Agency for the *DSU*.

6. The stamp duty is also paid virtually at the time of enrollment/registration in university master's programs, advanced courses, professional and continuing education programs, and summer schools.

7. Students who are not up to date with the payment of university fees and contributions and/or any applicable late payment penalties may not take exams or carry out any administrative procedures.

### Article 3 – Late Payment Penalties

1. For each payment made after the due date, a surcharge of €15.00 is applied if the delay does not exceed seven days. Starting from the eighth day, the surcharge increases to €60.00.

## CHAPTER II – AMOUNT OF CONTRIBUTIONS

### Article 4 – Determination of the Amount of Contributions

1. The amount of contributions due from each student enrolled in bachelor's, master's, or single-cycle master's degree programs offered by the University of Siena is determined based on the following factors:

- a. the type of program;
- b. the economic situation of the student's household, as indicated by the Equivalent Economic Situation Indicator (*ISEE*, valid until December 31, 2025) for university financial aid, drawn up in compliance with Article 8 of Italian Prime Minister's Decree No. 159/2013. Submission of the *ISEE Parificato* (for international students) is not permitted. In the case of non-compliant *ISEE* documentation, the maximum contribution amount is applied;
- c. year of enrollment<sup>1</sup>;
- d. university credits (*CFU*) earned in the twelve months prior to August 10 of each year.

2. Degree programs are classified into three distinct categories:

- a. Humanities and Social Sciences (US),
- b. Technical and Scientific (TS),
- c. Health Sciences under EU regulations (UE).

The classification of programs into these categories is as follows:

- a. Programs under the responsibility of departments belonging to the following areas fall under category US:
    - Area of Economics, Law, and Political Science,
    - Area of Literature, History, Philosophy, and Arts;
  - b. With the exception of scientific degree programs in classes L-35 and LM-40 (which are considered US) and those specified in point c) below, programs under the responsibility of departments belonging to the following areas fall under category TS:
    - Area of Biomedical and Medical Sciences,
    - Area of Experimental Sciences;
  - c. The following single-cycle degree programs fall under category UE:
    - LM-41 – Medicine and Surgery,
    - LM-46 – Dentistry and Dental Prosthetics.
3. The amount of the contribution owed by each enrolled student, based on the factors listed in paragraph 1 above, is as follows:

---

<sup>1</sup> For the purpose of determining the year of enrollment—used to assign students to one of the "Groups" listed in the following Table A—all academic years of enrollment in the current academic career are counted, including those prior to any transfers between universities or changes of program or degree structure.

**Table. A: University contributions for enrolment on first – and second – cycle degree programmes****2025-26**

Students who:

|                 |   |
|-----------------|---|
| <b>Gruppo 1</b> | 1) have been enrolled for a number of years LESS than or EQUAL to the normal duration of the degree programme plus one year<br><br>2) in the case of enrolment in the 2nd year, those who HAVE acquired at least 10 university credits (CFU) by 10 August of the first year<br><br>3) in the case of enrolment in years subsequent to the 2nd, those who HAVE acquired at least 25 university credits (CFU) by 10 August of each year |
| <b>Gruppo 2</b> | 1) have been enrolled for a number of years GREATER than the normal duration of the degree programme plus one year<br><br>2) HAVE acquired at least 25 university credits (CFU) by 10 August of each year.  |
| <b>Gruppo 3</b> | 1) do not fall in either of the groups above  |

4. Taking into account the specific features of the single-cycle master's degree program in **Dentistry and Dental Prosthodontics (class LM-46)**, for students enrolling in this program:

- a) If they declare an ISEE (Equivalent Economic Situation Indicator) value less than or equal to € 30.000,00, the amount of the contribution due is as follows:

| Table B                             |         |         |         |
|-------------------------------------|---------|---------|---------|

b) If they do not declare an ISEE or declare a value higher than € 30.000,00, the amount of the contribution due is that indicated in Table A for EU-regulated Health-related degree programs, increased by € 1.650,00.

5. Students who are unable to produce a valid ISEE for university financial aid are not allowed to submit an Equivalent ISEE (ISEE Parificato).

6. Without prejudice to the additional fee mentioned in paragraph 4 above, the amount of the annual comprehensive tuition fee is determined by the values corresponding to the "9X" range of Table A, multiplied by one of the coefficients in Table C, when these coefficients are less than one.

The coefficients are calculated by comparing the gross domestic product (GDP) per capita adjusted for purchasing power parity (PPP) of the country of origin with that of Italy, based on data published by the International Monetary Fund (IMF).

In any case, the amount due cannot be less than € 500,00.

7. In the case of students who are granted the right to enroll following rulings by the competent administrative judicial authorities, a registration fee of €600.00 is due for each academic year that has been definitively completed.

8. Students who enroll as a result of reassignments from ministerial ranking lists and matriculate from March 1, 2026, are exempt from paying 50% of the tuition and fees due for the current academic year under this Article 4.

9. Students enrolling in the first year of a Master's Degree program who, during the 2024/2025 academic year, were enrolled at the University in individual courses activated for that same Master's program, are exempt from paying an amount equal to what was already paid for enrollment in those individual courses, provided they have earned the corresponding academic credits.

**Table C: Adjustment coefficient for contributions payable – GNP (PPP) per capita in the country of origin**

For countries not listed in the table, the minimum amount of € 500,00 applies

poor countries

## Art. 5. Part-time Students

1. For students enrolled with part-time status, the "standard" duration of the degree program is extended by one to six years, depending on the type of program and the number of academic years for which part-time status has been requested.
2. For the purposes of calculating student contributions, the ECTS credits (CFU) acquired are calculated based on the program duration as redefined in paragraph 1.

## Art. 6. Simultaneous Enrollment in Degree Programs at the University of Siena

1. Students simultaneously enrolled in two first- and/or second-level degree programs at the University of Siena may apply, for the second program of enrollment, for the benefit of "simultaneous enrollment", which includes exemption from paying the regional fee already paid for the first program and a 50% reduction in the total amount of university tuition fees due.

## Art. 7. Students Enrolled in the Foundation Course

1. For the determination and payment methods of tuition fees and contributions due for enrollment in the Foundation Course—which will be paid in a single installment—reference should be made to the decisions of the competent governing bodies.

#### **Art. 8. Students Enrolled in PhD Programs**

1. When submitting an application for admission to a PhD program, the applicant must pay a fee of € 30,00, regardless of the number of applications submitted.

2. PhD students who are not recipients of a scholarship are required to pay the virtual stamp duty according to the amount set by current regulations, as well as the regional tax for the Regional Agency for the Right to University Education. PhD students who are scholarship holders are required to pay an annual comprehensive fee of € 340,00 to the University of Siena at the time of enrollment.

#### **Art. 9. Students Enrolled in Specialization Schools**

1. For determining the contributions due from students enrolled in specialization schools who do not benefit from a specialization training contract, the same criteria used for bachelor's, master's, and single-cycle master's degree programs apply. The classification of the specialization course is based on the type of degree required for admission. In any case, the annual comprehensive contribution due cannot be less than € 1,200,00.

2. Students enrolled in health area specialization schools who benefit from a specialization training contract, military medical personnel, and tenured medical staff belonging to specific categories serving in healthcare facilities outside those included in the school's training network, holding reserved places under Art. 35, paragraphs 3 and 4 of Legislative Decree No. 368/99, are required to pay an annual comprehensive fee of € 2,400,00.

3. While the admission procedures for restructured and accredited health area specialization schools remain in force under Ministerial Decrees of February 4, 2015, No. 68, and June 13, 2017, No. 402, if a specialization student opts during the academic year to transfer to a specialization course at another university, having already paid the required contribution to the University of Siena and signed the specialization training contract, they may submit a request for a full or partial refund of the amount paid. The refundable amount is calculated as € 180,00 for each unused month from the beginning of the academic year to the date of withdrawal by the student.

4. Specialization students are required to pay 50% of the amount due at the time of enrollment or renewal of enrollment. The fee is split into two installments. For students renewing enrollment in years following the first, the first installment is due within 45 days after passing the exam; the second installment is due within 6 months from the exam date. For newly enrolled students, the second installment is due 6 months after the enrollment date.

5. The amounts indicated in paragraphs 1 and 2 are reduced to € 400,00 if the student only needs to take the final diploma exam.

6. The amounts mentioned in this article must be increased by the virtual stamp duty according to current regulations and the regional fee for the Right to University Education as determined by the Region of Tuscany. Students enrolled in medical specialization schools under Legislative Decree No. 368/99 are exempt from paying this regional fee.

### **CHAPTER III: OTHER FEES**

#### **Art. 10. Transfer Fee to Another University**

1. Students who request a transfer to another university are required to pay a non-refundable fee of € 250,00.
2. The transfer request may be submitted only by students who are up to date with all tuition and fee payments due as of the date of the transfer request.
3. Tuition and fees paid before requesting a transfer are non-refundable.
4. Students in detention, as referred to in Art. 29 of this Regulation, are exempt from paying the transfer fee.

#### **Art. 11. Re-enrollment Fee and Suspension of Enrollment**

1. Students who, by the final exam session of the previous academic year, are missing only the ECTS credits required for the final examination are required to pay an annual enrollment fee equal to 30% of the total amount of tuition and fees due under Article 4 of this Regulation, with a maximum limit of € 600,00. In addition to this amount, the virtual stamp duty (as set by current regulations) and the regional fee for the Right to University Education, as determined by the Region of Tuscany, must also be paid.
2. Students who still need to earn 30 ECTS credits beyond those required for the final examination—or only the final examination itself, in the case of students enrolled under pre-Ministerial Decree No. 509/1999 regulations—who do not modify their study plan and expect to complete all exams by the final session of the previous academic year, may request a suspension of enrollment for the new academic year and, consequently, a suspension of the related fee payments. The suspension request must be submitted by the deadline for enrollment in the new academic year.

#### **Art. 12. Interruption of Studies, Resumption of Studies, and Academic Record Reconciliation**

1. The interruption of studies occurs automatically if the student fails to renew their enrollment for at least two consecutive academic years and has not requested a suspension in accordance with the University's Academic Regulations.
2. The interruption may last for multiple academic years, provided that the limits for expiration of student status set by current regulations are respected.
3. A student who withdraws or interrupts their studies for any reason is not entitled, under any circumstances, to a refund of tuition fees or contributions already paid.
4. A student who intends to resume their studies after a period of interruption must submit a specific request for academic record reconciliation (resumption of studies) and must pay, for each academic year of interruption, a reconciliation fee of €500.00 for US-type courses and €600.00 for other types of courses, in addition to the tuition and fees due for the academic year in which studies are resumed.
5. If the number of interrupted academic years is equal to or greater than five, the student must pay the total amount corresponding to the last five years of interruption.

#### **Art. 13. Interruption of Studies: Suspension**

1. The request for suspension of academic progress, as outlined in the University's Academic Regulations, must be submitted at the beginning of the academic year for which the suspension is to apply. During the suspension period, the student is fully exempt from university tuition and fees and may not carry out any academic activities or curricular actions. The suspension request may be submitted after enrollment renewal only if no academic activities have been carried out in that academic year.
2. Suspension is incompatible with part-time student status.

#### **Art. 14. Interruption of Studies: Withdrawal**

1. A student may withdraw from their studies only if they are up to date with all tuition and fee payments due as of the date the withdrawal request is submitted. The withdrawal policy applies exclusively to enrollments/registrations completed in accordance with Article 2.
2. If a student who has applied for a DSU scholarship withdraws from their studies before the publication of the final ranking, they will be required to pay tuition and fees as if they had been deemed ineligible for the scholarship.
3. Failure to pay university tuition and fees does not constitute an implicit withdrawal from studies: a student who fails to pay the required installments may not carry out any academic activities but does not terminate their relationship with the University and cannot enroll in any other program.

#### **Art. 15. Enrollment in Individual Courses**

1. The enrollment fee for individual courses, offered within the degree programs covered by this regulation, is €130.00 for US-type programs and €150.00 for other types. To this base amount, the cost calculated by multiplying the fee per credit (€15.00 for US-type programs and €20.00 for other types) by the number of credits for the selected course must be added.

The total fee for each individual course is therefore calculated using the following formulas:

**US-type courses** = €130.00 + (€15.00 × number of credits)

**Other types of courses** = €150.00 + (€20.00 × number of credits)

2. To the above amount, the virtual stamp duty must be added, as determined by current legislation.

#### **Art. 16. Delivery of Original Diplomas and Costs for Duplication or Reprinting of Diplomas and Certificates**

1. The cost of producing original diplomas is included in the annual contributions.
2. There is an option to have the original diplomas shipped to the address specified by the student, with a specific charge to cover packaging and shipping costs: € 30,00 for shipments within Italy and €45.00 for shipments within the territory of the European Union member states.
3. The cost for duplication or reprinting of the original diploma is set at € 100,00. This provision also applies to university Master's degrees.
4. No fee is charged for the issuance of the original professional qualification diploma issued by the University on behalf of the competent Ministry.
5. The cost of shipping certificates with handwritten signatures or other paper documentation abroad, to the address specified by the requesting student, is borne by the recipient.

#### **Art. 17. Admission Fees for Bachelor's and Master's Degree Programs, Limited-Enrollment Programs, Specialization Schools, and Master's Programs**

1. Participation in the entrance assessment tests for students applying to Bachelor's and single-cycle Master's degree programs is subject to a non-refundable fee of € 35,00. Participation in tests organized under specific agreements and/or contracts signed by the University, following approval by University bodies, is subject to the provisions of the respective agreement.

2. Participation in competitive exams for admission to Bachelor's and Master's degree programs, limited-enrollment programs, and specialization schools is subject to a non-refundable fee of € 100,00. This amount may vary if required by ministerial provisions.
3. Participation in any public calls for admission to years beyond the first of Bachelor's and Master's degree programs in the healthcare professions, Medicine and Surgery, and Dentistry and Dental Prosthodontics is subject to a non-refundable fee of € 100,00, payable according to the procedures described in the respective announcements.
4. Participation in admission competitions for Master's programs is subject to a non-refundable fee of € 30,00 for each competition.

#### **Art. 18. Fee for the Professional Qualification Process and Participation in State Exams**

1. Participation in the State Exams is subject to a fee of € 310,00.
2. Participation in the auditor (revisore legale) exams is subject to a fee of € 100,00.
3. The curricular evaluation internship for the professional qualification as a medical doctor is subject to a fee of € 110,00.
4. Any extracurricular internship for the professional qualification as a medical doctor, if required by the regulations in force at the time, is subject to a fee of € 260,00.
5. The possible practical evaluation test of the professional skills acquired during the internal internship, aimed at assessing the technical preparation level for the professional qualification, provided for the Master's degree courses in Dentistry and Dental Prosthodontics (class LM-46), Pharmacy (class LM-13), Chemistry and Pharmaceutical Technologies (LM-13), Environmental, Construction and Territorial Technologies (L-P01), Agribusiness (L-P02), is subject to a fee of € 110,00.

#### **Art. 19. Fee for the Recognition of a Foreign Academic Degree**

1. The request for recognition of an academic degree issued abroad, for the purpose of obtaining the corresponding Italian university qualification, is subject to a non-refundable fee of € 200,00.
2. This fee is not required if there are agreements for the recognition of qualifications between the University of Siena and the foreign institution that issued the degree.
3. Any evaluation of foreign academic qualifications for admission to study programs submitted via the University's online platform is subject to a non-refundable fee of € 49,90.

#### **Art. 20. Fees Due for Services Provided Upon Student's Request for Individual Needs**

1. If the student requests to insert, integrate, or correct the self-certifications related to the ISEE (Equivalent Economic Situation Indicator) after December 19th, they are required to pay a fee of € 40,00.
2. In the case of submission of requests beyond the deadlines set in the Annual Study Guide, a fee of € 40,00 is required.

### **CHAPTER IV: STUDENT BENEFITS**

#### **Art. 21. Merit-based benefits for first-year students enrolled in non-single-cycle Master's degree programs who graduated by November 30 of the third ongoing year**

1. Students enrolling in the first year of a non-single-cycle Master's degree program who obtained a Bachelor's degree from the University of Siena in the academic year 2024/2025 by November 30 of the third ongoing year are entitled to the following merit-based benefits for their first year:

a. Those who graduated with a final grade of 110/110 or 110/110 with honors are exempted from paying 20% of the amount due for tuition fees and contributions as per Art. 4 of this regulation.

b. Those who graduated with a final grade between 106/110 and 109/110 are exempted from paying 10% of the amount due for tuition fees and contributions as per Art. 4 of this regulation.

The benefits in point (a) also apply to graduates from other universities.

2. For students enrolled in healthcare profession degree programs (classes L/SNT1, L/SNT2, L/SNT3, and L/SNT4), the deadline to enjoy these benefits is December 15.

#### **Art. 22. Students with disabilities**

1. Students holding a civil disability certification of 66% or higher and/or recognized as handicapped pursuant to Art. 3, paragraphs 1 and 3, of Law 104/92 are fully exempt from paying university contributions and the regional university study rights tax.

2. Children of beneficiaries of disability pensions (as per Art. 30 of Law 118/71) are granted exemption from university contributions upon request at the start of each academic year.

3. Students enrolled in Bachelor's, Master's, and single-cycle Master's degree courses may apply to access the Solidarity Fund (Art. 31) if they have:

- A disability less than 66%;
- Certification of handicap under Art. 3, paragraphs 1 and 3, of Law 104/1992 recognized during the academic year;
- Disability certification of 66% or higher recognized during the academic year;
- Are children of beneficiaries of disability pensions recognized during the academic year.

#### **Art. 23. Students entitled to or eligible for scholarships from the Regional Agency for the Right to University Education**

1. Students who enroll in a degree program and apply for benefits from the Regional Agency for the Right to University Education are temporarily exempt from paying the required university fees until the publication of the final list of eligible candidates by the Agency itself; students who are awarded scholarships or are otherwise deemed eligible in the same rankings are fully and permanently exempt from payment.

#### **Art. 24. Students receiving a semester scholarship from the Regional Agency for the Right to University Education**

1. Students who benefit from scholarships granted by the Regional Agency for the Right to University Education for an additional semester beyond the normal duration of their course, and who have completed the CFUs (university credits) required by their study plan, excluding those for the final exam, by the last exam session of the final academic year, are exempted from paying the re-enrollment fee.

2. If the student does not complete all the CFUs required by their study plan by the last exam session of the final academic year, they are exempted from 50% of the payment of the amount due for fees and contributions as specified in Art. 4 of this regulation, provided payment is made by the last due date.

**Art. 25. Simultaneous enrollment of students benefiting from or eligible for scholarships or semester scholarships from the Regional Agency for the Right to University Education**

1. A student who simultaneously enrolls in two courses of study must designate one of the two enrollments as the reference enrollment to access the benefits provided by the current regulations on the right to education, for the entire period of simultaneous enrollment in both courses. A student already enrolled in a course of study beyond the first year cannot designate the second enrollment as the reference for the purposes of benefits related to the right to education. For the purpose of increasing the amount of the scholarship provided by Article 6, paragraph 3, of the Ministerial Decree of the Ministry of University and Research dated 17 December 2021, no. 1320, the student must maintain the merit requirements specified in the said decree for both courses of study in which they are enrolled.

**Art. 26. Students subject to revocation of scholarships from the Regional Agency for the Right to University Education**

1. Students who receive a revocation notice of their scholarship from the Regional Agency for the Right to University Education are required to pay the tuition fees and contributions due for the relevant academic year, in addition to the regional fee for the Right to University Education (DSU). In cases where the revocation or non-attribution of the scholarship is due to withdrawal from studies, all tuition fees and contributions overdue as of the date of withdrawal remain payable.

**Art. 27. Students receiving scholarships from the Italian Government**

1. Foreign students who are recipients of scholarships from the Italian Government are fully exempt from paying university fees and contributions.

**Art. 28. Refugee and stateless students**

1. Students enrolled in Bachelor's, Master's, and single-cycle Master's degree programs, as well as students enrolled in Specialization Schools and Doctoral programs, who hold refugee status or subsidiary protection, or who have applied for such status, are exempt from paying the full university fees, excluding the amounts referred to in Article 2, paragraph 4.

2. Other international students, even if they do not hold refugee or subsidiary protection status but who are in situations of particular hardship as assessed by a special University committee chaired by the Delegate for Students and Researchers from crisis areas, may also be exempt from the full university fees and other enrollment-related contributions (such as Dream Apply), excluding the amounts referred to in Article 2, paragraph 4.

3. Stateless students are treated the same as Italian citizens; therefore, for the purposes of this regulation, their income and assets held in Italy are taken into account.

**Art. 29. Students in detention**

1. Students detained in prisons covered by the Memorandum of Understanding between the University of Siena and the Regional Administration of the Penitentiary System of Tuscany are required to pay an annual enrollment fee of € 150,00, in addition to the regional tax for the Right to University Study.

2. This amount also applies in cases of re-enrollment for interrupted studies or for degree recognition.

### **Art. 30. Particular categories of students**

1. Students enrolled in Bachelor's, Master's, and single-cycle Master's degree courses who are over sixty years old are entitled to a 50% reduction of the total university fees calculated according to the criteria set forth in Art. 4.
2. Students enrolled in Bachelor's, Master's, and single-cycle Master's degree courses who are employees of the University of Siena with permanent or fixed-term contracts of at least six months at the date of enrollment/registration, as well as employees of the University Hospital of Siena with permanent contracts at the date of enrollment/registration, are entitled to an exemption of € 400,00 on the university fees pursuant to Art. 4 of this regulation.
3. Public employees enrolled in Bachelor's, Master's, and single-cycle Master's degree courses under the "PA 110 e lode" project are entitled to an exemption of € 400,00 on the university fees pursuant to Art. 4 of this regulation.
4. Public employees enrolled in Master's programs under the "PA 110 e lode" project are entitled to an exemption of € 700,00 on the university fees specified in the relevant admission calls.
5. The University of Siena, in accordance with agreements made with public or private entities or institutions, Italian or foreign, through specific conventional agreements approved by the University bodies regarding teaching, may apply, within the framework of such agreements, concessions in favor of particular categories of students.
6. All students benefiting from the provisions of this article are required, in addition to what is owed, to pay the regional tax for the Right to University Study.

### **Art. 31. Solidarity Fund**

1. The University of Siena, subject to budget availability, annually establishes the Solidarity Fund, intended to provide support interventions for students experiencing hardship, even if temporary, adequately documented.
2. Students referred to in Article 22, paragraph 3, as well as students residing in areas affected by seismic events and/or natural disasters, may also access the Fund.
3. Support interventions consist of partial or total exemption from university fees, are granted upon application, and are decided by a Commission appointed by the Rector through a specific provision. The Commission includes, among others, the Rector or their delegate, the Head of the Student Services Area or their delegate, student representatives on the Board of Directors, and the head of the office responsible for the procedure, who acts as the recording secretary. The exemption does not apply to the payment of the regional tax for the Right to University Study or the virtual stamp duty as provided by current legislation (Article 2, paragraph 4 of this Regulation).
4. The methods of access to the Fund, the required documentation, and the criteria for evaluation and disbursement are defined in the annual call issued by a specific Rector's Decree. The call may provide for the Fund to be allocated at one or more times during the academic year, based on the deadlines for payment of fees.

### **Art. 32. Virtual Stamp Duty**

1. All students who benefit from the provisions mentioned in the previous articles of Chapter IV are required, in addition to any amounts owed, to pay the virtual stamp duty according to current legislation.

### **Art. 33. Non-cumulability of Exemptions, Benefits, and Reductions**

1. Except for the support interventions referred to in the previous Article 31, the exemptions, benefits, and reductions provided for in this regulation are not cumulative.

## **CHAPTER V: FINAL PROVISIONS**

### **Art. 34. Tax inspections and penalties for untruthful declarations**

1. The University of Siena, in compliance with current regulations, carries out checks, including random ones, on the declarations made by the student and reported in the self-certifications.
2. A student who is subject to disciplinary sanctions related to untruthful declarations, whether their own or those of their relatives, in order to obtain benefits to which they are not entitled, shall be required to pay the maximum university fees applicable to their type of course of study and shall lose the right to receive any other benefits for the entire duration of their academic career. Moreover, such student shall be subject to an administrative penalty consisting of the payment of an amount equal to three times the value of the services unduly obtained, and shall lose the right to receive any other disbursements for the duration of their studies, without prejudice to the application of sanctions provided for by current legislation in case of false self-certification.

### **Art. 35. Final provisions**

1. For matters not expressly referred to in this Regulation, reference is made to the current legislation and the specific regulations in force.
2. The amounts indicated in this Regulation, as well as the value of the ISEE brackets referred to in art. 4 Table A and the coefficients in Table C, are updated every three years based on inflation rates and GDP growth, respecting any constraints imposed by the legislation in force.
