Erasmus+ is the new EU programme for education, training, youth and sport for the period 2014-2020. Erasmus+ offers opportunities to study, train, gain work experience or volunteer abroad and one of its strategic objectives is to strengthen linguistic skills and support language learning.

The Online Linguistic Support (OLS) supports language learning for Erasmus+ mobility participants. The OLS offers participants in Erasmus+ long-term mobility activities (Key Action 1) the opportunity to assess their skills in the foreign language(s) they will use to study, work or volunteer abroad. In addition, selected participants may follow an online language course to improve their competence.

The tests at the beginning and end of the mobility are mandatory.
