WHY CHOOSE SIENA

EIGHT CENTURIES OF HISTORY

The University of Siena is a university rich in history and with a great tradition of knowledge, committed at the same time in research and innovation. In eight centuries of life the University of Siena has produced knowledge in every field of study, and is now one of the Italian universities with the highest innovative results in research, teaching and services. The twentieth century saw a steady growth of the University of Siena, passed from four hundred students enrolled between the two wars to over 20 thousand in recent years.

WHAT TO DO FIRST

For a residence permit

EU citizens as well as non-EU nationals need some essential documents to regularize their presence in our country. This section provides you with information concerning documents required to stay in Italy.

Tax code

The first thing you have to do after your arrival in Italy is to apply for a tax code. Tax Code is an alphanumeric string that identifies the person on the basis of his/her personal data and is required for many activities, such as to enroll at the University, open a bank account, get healthcare coverage, etc ...

Agenzia delle Entrate

Address: Banchi Di Sotto, 52 Siena CAP 53100

Opening times: Wednesday from 9:00 to 12:00

Healthcare coverage

If you are an EU citizen:

If you are in possession of a valid European Health Insurance Card (EHIC) issued in your country of origin, you will receive all the medically necessary health services, such as occasional examinations by general practitioners, outpatient specialist services, access to emergency care, hospitalization.

If you are in possession of an S1 form issued in your country of origin, you can register with the Italian National Health System (Servizio Sanitario Nazionale-SSN) and choose a general practitioner for the duration indicated in the form.

If you have been resident in Italy for at least 5 years, you can request from the municipality the "Certificate of Permanent

Residence" that entitles you to register with the SSN and choose a General Practitioner for an unlimited period.

If you do not possess any of the three above mentioned documents, you can take a private health policy for the duration of the course of study, this will cover all risks but will not allow you to register with the SSN nor to choose a practitioner.

Otherwise you can apply voluntarily to the **National Health Service**, by self-certifying your student status.

If you are a non EU citizen

In order to get healthcare coverage and apply for a residence permit in Italy, non-EU students are required to have sickness, accident and maternity insurance themselves.

- By taking out an appropriate insurance policy with an Italian or foreign insurance institution, valid on the national territory
- by voluntary registration with the national health service also valid for the dependent family members

Please note

How to register with the Italian National Health Service

Voluntary registration entitles the applicant to join the National Health Service, choose a general practitioner and get all medical services like Italian citizens.

1) The membership lasts for one calendar year and expires on 31 December of the reference year, it has a flat rate of € 149.77.

Please note:

-It is NOT possible to pay reduced rates for shorter periods;

- The € 149,77 rate does NOT cover dependent family members

If you have dependent family members, you can apply with a payment of €387.34, which provides a coverage for you and your family.

2) It is possible to pay the registration for the current year and also for the entire following calendar year. This allows you to have health coverage for the whole academic year and is useful for students who arrive, for example, in September and intend to apply for a residence permit per study valid for one year.

3) How to do:

- Go to a Post Office, ask for an empty money order and fill it out paying attention to the following points:
 - the money order must be addressed to: Regione Toscana account no. 289504
 - indicate the reference year for the registration to the SSN, for example: voluntary registration SSN year 20xx.
 - if you want to register for two consecutive years (for example 20xx and 20xx), for each year you have to fill in and pay a different money order;
- Pay the annual fee at the Post Office and keep receipts of payment;
- Make a copy of the payment receipt(s) and attach it/them to your application for issue or renewal of the residence permit;
- After you have sent out the application the residence permit, go as soon as possible, to the Register Office of the Public Health Unit (ASL Toscana Sudest - Zona senese - via Pian d'Ovile, no. 9 tel. 0577-535989 l'Ufficio per l'assistenza

sanitaria agli stranieri,) and take it with you:

-Receipts of payment;

-Receipt of the application for the residence permit or the residence permit if already obtained. Students staying for a period of less than three months shall not be required to apply for a residence permit; they shall be required to submit a copy of the declaration of presence issued by the border authority or by the police station;

-Passport;

- Tax code;

-University Enrolment Certificate or self-certification (if resident).

At the Register Office you will be asked to choose a General Practitioner and your health coverage will be activated. Do not forget to check the expiring date.

Please note

Payment alone does not imply activation of the coverage. You must complete your registration at the appropriate office of the ASL and choose a general practitioner.

You will need to go to the Municipality of the town where you are living and register as a new resident. Your passport or ID card, photocopy of the documentation proving possession of adequate financial resources, such as a scholarship certification or a bank statement, a copy of the health insurance payment receipt will be required.

If you are a non EU student:

If you are not an EU citizen, you must apply for a residence permit at the local police station (Questura) within eight days of your arrival in Italy.

With the Tax Code you can apply directly for the residence permit for study reasons, obtaining a kit from any qualified post offices (*Sportello Amico* - at Poste Italiane). - Student's identity document.
- Tax code of the student issued by the *Agenzia delle Entrate* (Italian Revenue Agency).
- The amount of the scholarship received.
- The composition of the family unit of the student on the date of submission of the Single self-declaration with an indication of the surname, name, date of birth and relationship of all the subjects belonging to the family unit.

NOTE: The documentation listed above must be issued by the competent authorities of the country where the income was produced, translated into Italian, and legalized for non-EU countries.

FINANCIALLY INDEPENDENT STUDENTS

A financially independent student for the purposes of university *ISEE* is a student who has resided in a home other than that of the family of origin for at least two years before the date of submission of the *ISEE* and the home in which he/she lives is not owned by a member of the original nucleus.

The student must also have adequate income capacity, i.e., in the two years prior to the year of submission of the *DSU*, he must have produced tax-declared income from employment or assimilated employment of not less than 6,500.00 euros. Article 3, c. 1 of Ministerial Decree 1320/21 changed the income value required to consider the adequate income capacity of the independent student from 6,500 euros (valid until the academic year 2021/2022) to 9,000.00 euros annually.

LIVING IN SIENA

Our living together

Our community is pleased to welcome you and make you live the city in all its aspects. During your stay, we ask you to be respectful of the place you have chosen to live in during the years of your study and education. We also ask you to be respectful towards women and men who have a culture other than your country of origin.

Our lifestyle

Even if you do not know Italian or you are a beginner, we suggest that you should participate from the first year of university in activities such as group work, discussions etc ...

Sustainability is a topic that our University has at heart. Our canteens use compostable material and in some places of the university there are fountains for the supply of water to be used freely to fill your bottles. Even in our daily actions we can contribute to the protection of our environment.

Tips: You can view this topic at the link <https://www.unisi.it/usiena-sostenibilita>

Works of art and museums

Siena is famous for its *Palio* (horse race) as well as for art. Walking through the streets is a dive into a Medieval atmosphere, thus experiencing a journey back to the past. Piazza del Campo is the center of the city life and all around are various works of art: the Cathedral and its museum and Baptistery, the *Pinacoteca* (Art gallery), the *Santa Maria della Scala* and many other beautiful places and museums.

Tips: <https://www.comune.siena.it/Il-Turista/Turismo>

Traditions

Palio is not a commemorative event organized for tourism purposes: it is the life of Sienese people over time and in its various aspects and feelings.

It has remote origins with some regulations still valid since 1644, the year in which the first *Palio* with horses was run, as it still happens, and never interrupted, apart in cases of critical and dangerous events, such as wars and riots, epidemics, etc

The city is divided into 17 districts called *Contrade* and each of them is considered as a real family. Their members take very good care of their *Contrada*; they always keep the streets clean and are not happy if someone dirties or damages something in the city, they organize events of any kind. Again, public goods and spaces, people and ideas, are highly respected.

Our cooking offers many varieties of dishes highly appreciated by all foreigners and for all types of tastes.

Bike sharing
